

Virtual Online Conference

Suicide Prevention – Unified Research (SPUR)

March 19, 2021

- Imo Succo, RHC: Is this nationwide statistics or in Colorado only??
- Imo Succo, RHC: Population of focus
- Erica Kitzman: Thank you Sarah! The OSP is doing amazing work. The state's ISP and CAMS trainings are wonderful for our state. The CNC effort is awesome as well. Where can we view the expanded pillar details/plans? Are there any western slope commissioners as yet?
- Erin Ivie-SpeakUp ReachOut: I plan to apply this week to the OSP commission, just to add to what Erica has asked above.
- Erica Kitzman: Is there a way to add psych meds to this? In Mesa County, the top 3 OD drugs are anti anxiety, anti depression, and anti psychotic meds.
- Kellyn Ender: Is there a link to see that public data dashboard?
- Erin Ivie-SpeakUp ReachOut: https://cohealthviz.dphe.state.co.us/t/HSEBPublic/views/CoVDRS_12_1_17/Story1?:embed=y&:showAppBanner=false&:showShareOptions=true&:display_count=no&:showVizHome=no#8
- Erin Ivie-SpeakUp ReachOut: That is the COVDRS dashboard, do you want the CNC dashboard?
- Jennifer McAtamney: The CNC dashboard link would be helpful too
- Erica Kitzman: Would it be possible to add loss survivor status to these questions?
- Sydney Melson: I think the suicide count map on the dashboard could benefit from a per capita option
- Sydney Melson: oh just kidding it's already there
- Erica Kitzman: This map is great. Is there a map for attempts?
- Sallie Bernard: Can you consider adding autism/autistic traits as a high risk group, especially those with a dual diagnosis? People with disabilities are underserved.
- Imo Succo, RHC: thanks
- Sarah Brummett (she, her): www.coosp.org is our website
- Janice: The largest group is supporters/family of attempt survivors. Are there any plans on doing research with this very large group?
